

HEALTH NNECT S O U T H

We have a passion for connection and collaboration.

The mission of Health Connect South is to serve the health community as a sustainable platform for regional health collaborations. Through our collective work, we seek to define and advance the Southeast's role in the future of health. Serving as a gateway between health industry silos, we seek to facilitate unique and meaningful partnerships. Together, health advances.

INDUSTRY CONNECT – INVITE ONLY EVENT May 1 – Georgia Tech, Atlanta, GA

We are bringing together industry experts and executives from leading healthcare companies to connect with healthcare researchers, innovators and entrepreneurs from across the Southeast in order to build the relationships and create meaningful partnerships.

Who will be in attendance:

- Industry leaders looking for commercially viable research, products and technology from across healthcare
- Heads of Technology Transfer, Heads of Industry Search & Evaluation, Industry Heads of Technology Acquisition, Heads of R&D, Strategy & Innovation, etc.
- University Researchers and those within the university system that want to partner with industry to have their work commercialized
- Founders/CEOs of innovation companies,
- Venture Capital, Health System Executives and proven healthcare executives
